ABOUT EPISCOPAL NEWS SERVICE

ENS is the Episcopal Church’s officially sponsored ministry of storytelling that highlights how the Church lives into the Jesus Movement and lives out the Gospel in the world.

With an emphasis on social justice issues, ENS content inspires our influential readers to act, engage and connect to make a difference in the world.

ENS has the audience reach, the trusted content and the responsive platforms to help sponsors raise awareness of their ministries through our website, e-newsletter and social media channels.
